Thank You, OSA Foundation Donors!

In 2019, The OSA Foundation partnered with Google to create the Subsea Optical Fiber Communications School held from 4-10 August in Polvijärvi, Finland. Pictured are over 100 beneficiaries who attended the school.

The OSA Foundation serves as the philanthropic arm for The Optical Society (OSA). Our mission is to inspire, reward and support students and early-career professionals in optics and photonics. Our global programs include professional development, summer schools, prizes, scholarships, fellowships, awards and honors. Each and every donation received is matched 100% by the OSA, doubling the impact of our donors. Additionally, all administrative fees are paid by OSA ensuring gifts directly support our programs. For more information or to make a donation, go to **www.osa.org/donate**.

We are pleased to recognize our donors who have given consistently, and whose giving totals US$10,000 or more over the past 10 years. These donors are highlighted in GREEN. Those individuals who have given consistently, and whose giving totals US$2,500 more over the past 10 years are highlighted in BLUE.

LEADERSHIP CIRCLE

Donors whose giving totals US$100,000 or above over the past 10 years.

Awards, Honors and Annual Fund Supporters

Foundation initiatives such as the Siegman International School on Lasers, the Innovation School, the Thomas F. Deutsch Fellowship, OSA Student Chapter Grants, the Optics Suitcase, Women in Science, Engineering and Entrepreneurship, the OSA Ambassador program and many other prizes, scholarships and grants provide professional development opportunities and recognition of excellence for student and early-career professionals.
