Thank You, OSA Foundation Donors!

The OSA Foundation serves as the philanthropic arm for The Optical Society (OSA). Our mission is to inspire, reward and support students and early-career professionals in optics and photonics. Programs include professional development, schools, prizes, scholarships, fellowships, awards and honors. Each and every donation received is matched 100% by the OSA, doubling the impact of our donors. Additionally, all administrative fees are paid by OSA ensuring gifts directly support our programs. Learn more about our highlights from 2020 by checking out our annual report at www.osa.org/osafannualreport. To make a contribution to the foundation, visit www.osa.org/donate.

*Deceased

“I became a member of the Optics Trust in 2019 because this was a simple way to make a difference with no financial impact on me today through planned giving. I can help ensure the future viability of the OSA Foundation and support a mission that I feel strongly about.”

– Carlos Lopez-Mariscal, Underwater Photonics, Mexico

Double Your Impact! OSA will match your contribution to the Foundation 100% with a gift to the Annual Fund, allowing your gift to have twice the impact. In addition, OSA covers all labor and overhead for the foundation so that your gift can go directly to benefit programs. osa.org/donate

Donation level is determined by the sum of one-time or recurring contributions of US$10+ made by an individual or company between 1 August 2019 and 31 January 2021, and/or pledge agreements signed between 1 January 2018 and 31 December 2020. Standard pledges are paid in three-year terms, and donors are recognized for the pledge contribution at the total amount for three years. Donors with alternative pledge payment plans are listed for three years. Please contact foundation@osa.org with questions or corrections.
Thank you to all of the OSA Foundation’s contributors.
